EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Hewitt on 9/8/2004.

The application has been amended as follows:

Cancel claims 1, 2, 5, 6, 9, 10, 15, 19, 20 and 21.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

As stated in the previous office action dated 12/12/2003, claims 3, 4, and 16 were allowed. Furthermore, as stated in the office action dated 5/27/2004, claims 7, 8, 11-14, 17 and 18 were objected to as being dependent upon a rejected base claim. In the after final dated 8/6/2004 amendment claims 7, 8, 11-14, 17 and 18 were amended and rewritten in independent form including all of the limitations of the base claim, therefore placing them in a position for allowance. An exhaustive search was conducted and no prior art was found that disclosed the particular mouse button configuration proposed by the applicant. As shown in the record, Shattuck teaches an invention similar to the theoretical workings of the applicant's invention, however the specific implementations are different. The detailed description of the claimed mouse embodiment is unique and therefore patentable.
